Eugène Savitzkaya

Born in 1955, he is one of Editions de Minuit's leading authors. His writings, somewhere between prose and poetry, set off in search of childhood universes, his and those of his children, in a kind of saga of origins.

The narrator wants to describe, in a novel, the life of the fool. But the brevity of the chapters, the researched words, turn this work into poetry. The fool embarks on experiments in vegetable growing and recounts his memories.
